OUR HISTORY

After a popular stint all around the globe for over a century, the Union Oil Company of California came to India in the year 1990 and collaborated with Rajgarhia Group, one of India's 1st transnational conglomerate, to form Raaj Unocal Lubricants Limited (RULL). The Company was promoted by stalwarts in the industrial sector who have proved their mettle in their respective fields and are recognized worldwide for their contribution to the industry, mankind, and their vision towards the future. Today, RULL operations and products are successfully meeting the needs of individual and institutional customers across automotive, agricultural, industrial, construction, and marine segments.

RULL’s first plant was established in the year 1990 in technical collaboration with Union Oil Company of California (USA) with an installed capacity of 1,44,000 K L /P A, making it one of the largest plants at a single location in the country. The plant is spread over an area of 10 acres and is equipped with unique features which facilitate strict quality adherence, minimum exposure of the produce to environment and human touch thereby giving the product a superior quality edge.

The plant can blend all Automotive, Industrial, Marine, Specialty Oils, Greases and Aviation Oils in the shortest possible time and the in-house state-of-the-art testing facility enables the plant to adhere to strict quality control.
